

# Wonky Hearts<sup>©</sup> A Pattern by Jean Boyd

## Cutting Instructions

For each Wonky Heart block, cut the following:

**Background Fabric:** 1 - 5½" square  
1 - 3½" square  
1 - 5½" x 7½" rectangle

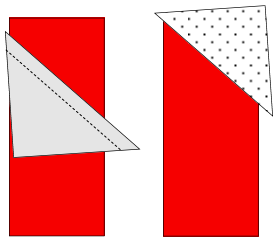

Cut the squares and rectangle in half diagonally.

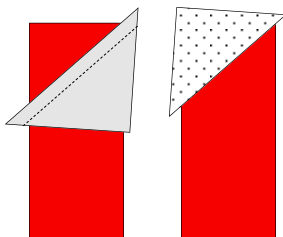

**Heart Fabric:** Cut 2 - 3" x 6" rectangles

## Sewing Instructions

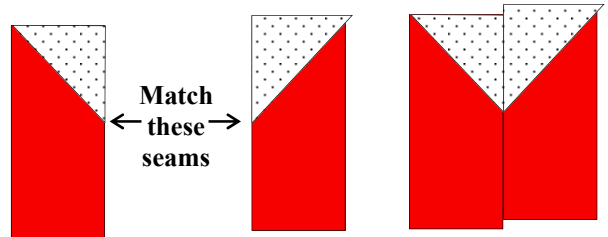

1. Sew a triangle cut from the 3½" square to a heart fabric rectangle.

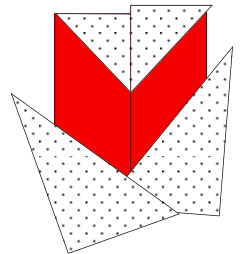

2. Press the triangle back over the heart fabric. Press the seam toward the background fabric.
3. Trim excess fabric so you are back to the original 3" x 6" rectangle size.
4. Trim excess fabric from the heart fabric.
5. Repeat with the other heart fabric rectangle and the remaining triangle cut from the 3½" square. Sew the triangle on the opposite side of the heart fabric. The triangles do not need to be sewn on at the same angle. This creates the Wonky look!

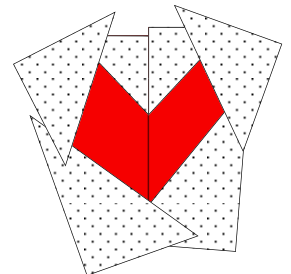

6. Trim and press as before.
7. Sew the 2 rectangles together, matching the seam as shown. It doesn't matter if the top and bottom edges are not lined up. Press seam open to reduce bulk.

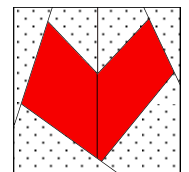

8. Sew the triangles cut from the 5½" x 7½" rectangle to the bottom of the heart fabric. Sew each triangle on a different angle. Cut off excess heart fabric as required. Do not trim the background fabric yet.

9. Sew the triangles cut from the 5½" square to the top of the heart shape. Sew each triangle on a different angle. Cut off excess heart fabric as required.

10. Trim the heart block so it measures 6½" x 6½". If you find you are a little short of fabric in one corner, just sew on a scrap of background fabric.

**Have fun with your Wonky Heart Blocks!**
