ART IN THE CITY BROCKVILLE TOUR 2009

Saturday, June 20
Sunday, June 21
10am ~ 5pm

Artists are united by an indescribable urgency to create objects of form and beauty, to communicate to others, each in their own way and in a variety of mediums "what we see and feel, when we observe the world around us".

To complete the circle, they need you the viewer. As art is about communication, reaching out through time and space to confirm that life is a universal experience, shared by us all, and, through art, we recognize what it means to be alive.

Twenty-seven multimedia artists invite you to view their new creations during the fifth anniversary of **ART IN THE CITY BROCKVILLE~TOUR 2009.**

Follow the map to sixteen locations; some are artists' homes, others are in unique downtown establishments. All are within a five-minute drive from each other.
